

# HomeRun

NETWORK

Stronger Partnerships. Shared Growth.

The H, the roof, the forward motion.

Rebuilt as one considered signature.

Satin forest enamel. Warm champagne brass.

# A mark with presence.

A more deliberate silhouette, given depth through the form—not a heavy drop shadow.

## Integrated construction

The roof and right upright are one gold form. The green bridge joins at a precise shared edge.

## Refined material

Subtle machined bevels and softly reflective brass create depth without decorative clutter.

## Confident typography

An optically tightened wordmark and carefully spaced NETWORK balance the dynamic symbol.

# Beautiful in 3D. Useful everywhere else.

V4 / PREVIOUS

V5 / RECONSTRUCTED

## A vector master. Not just a mockup.

Two clean interlocking solids. One coherent silhouette. Outlined lettering and dependable one-color variants. The mark remains usable at email and application sizes, with no render effects required.
